Challenge 24: Add numbers inside a string
Challenge 25: Calculate a square root by hand
Challenge 26: Subtract without subtract

**Files**

Challenge 27: Print last lines
Challenge 28: Log a message
Challenge 29: Documents directory
Challenge 30: New JPEGs
Challenge 31: Copy recursively
Challenge 32: Word frequency
Challenge 33: Find duplicate filenames
Challenge 34: Find executables
Challenge 35: Convert images
Challenge 36: Print error lines

**Collections**

Challenge 37: Count the numbers
Challenge 38: Find N smallest
Challenge 39: Sort a string array by length
Challenge 40: Missing numbers in array
Challenge 41: Find the median
Challenge 42: Recreate index(of:)
Challenge 43: Linked lists
Challenge 44: Linked list mid-point
Challenge 45: Traversing the tree
Challenge 46: Recreate map()
Challenge 47: Recreate min()
Challenge 48: Implement a deque data structure
Challenge 49: Sum the even repeats
Challenge 50: Count the largest range
Challenge 51: Reversing linked lists
Challenge 52: Sum an array of numbers
Challenge 53: Linked lists with a loop
Challenge 54: Binary search trees
Algorithms 197
Challenge 55: Bubble sort
Challenge 56: Insertion sort
Challenge 57: Isomorphic values
Challenge 58: Balanced brackets
Challenge 59: Quicksort
Challenge 60: Tic-Tac-Toe winner
Challenge 61: Find prime numbers
Challenge 62: Points to angles
Challenge 63: Flood fill
Challenge 64: N Queens

Appendix: Be the Compiler 248
